

| Scientific Program | |
|---|--|
| Day 1 November 02 , 2017 @ | |
| 08:30-09:00 | Registrations |
| 09:00-09:15 Opening Ceremony | |
| Key Note Forum | |
| 9:15-10:00 | Title: Embryology of arrhythmogenic right ventricular dysplasia (ARVD) Guy Hugues Fontaine, University Pierre et Marie Curie, France |
| 10:00-10:45 | Title: Incidence of embryonic aneuploidy in different age groups of Saudi population Murid Javed, Thuriah Medical Center, Saudi Arabia |
| 10:45-11:15 | Title: Measurement of success in ART: single, term, and normal birth weight infants born Juergen Liebermann, Fertility Centers of Illinois, USA |
| Panel Discussion | |
| Group Photo & Refreshments Break 11:15-11:45@ | |
| Tracks | Fertility and Conception Placentation Implantation Early Birth Embryo Lab Quality Epididymis and Infertility Single Embryo Transfer IVF Treatment ART Success: Evidence Based Medicine |
| Session I | |
| Session Chair: Guy Hugues Fontaine ,University Pierre et Marie Curie,Paris | |
| Session Co-Chair: Juergen Liebermann,Fertility Centers of Illinois, Chicago, USA | |
| 11:45-12:15 | Title: Histone deacetylation inhibitors (HDACi) and embryo aggregation enhance development and ntES cell derivation in cloned pig embryos Jyh-Cherng Ju, Taichung, Taiwan, ROC |
| 12:15-12:45 | Title: Is the cumulative live birth rate following in vitro fertilization (IVF) lower with provincial government coverage than prior to coverage? Adwaa Khudhari, Dept. Obstetrics & Gynecology, McGill University, Saudi Arabia |
| 12:45-13:15 | Title: The role of time-lapse monitoring during in vitro fertilization Peter Kovacs, IVF Center, Budapest, Hungary |
| Panel Discussion | |
| Lunch Break 13:15-14:15@ | |
| 14:15-14:45 | Title : Ex vivo study of effect of wireless telephone radiation on human sperm Anastasios Argyriou, MediMall IVF Clinic, Athens, Greece |
| 14:45-15:15 | Title: Extracellular vesicles - The potential for translational research in reproductive sciences Shlomit Kenigsberg, Juno Fertility, Canada |
| 15:15-15:45 | Title: The effects of advancing age on semen quality and sperm DNA fragmentation index Láyonal Acosta, Gestar In Vitro, Center for Assisted Reproduction Chiclayo, Perú |
| Panel Discussion | |
| Networking & Refreshments Break 15:45-16:05@ | |
| 16:05-16:35 | Title: Sperm DNA Fragmentation on Normozoospermic patients Jheny Lorena Diaz Orrego, Gestar In Vitro, Center for Assisted Reproduction Chiclayo, Perú |
| 16:35-17:05 | Title: Valproic acid improved in vitro development of pig cloning embryos but did not improve survival of cloned pigs to adulthood Xi-Jun Yin, Yanbian University, China |
| Panel Discussion | |
| Day 1 End | |
| Day 2 November 03, 2017 | |
| Key Note Forum | |

| | |
|---|--|
| 9:30-10:10 | Title: Successful Pregnancy outcome in Retrograde Ejaculation – Interesting Case Report |
| | Kaberi Banerjee , Advance Fertility and Gynae Centre, New Delhi, India |
| 10:10-10:50 | Title: Improving success of IUI (Intrauterine Insemination) by performing procedure after Ultrasound scan confirmation of ovulation |
| | Kingsley I. Onwuzurigbo , Kingswill Specialist Hospital, Nigeria |
| Panel Discussion | |
| Networking & Refreshments Break 10:50-11:15@ | |
| Tracks | Single Embryo Transfer Gamete Intrafallopian Transfer Artificial Insemination IVF Treatment Frozen Embryo Transfer Fertility Surgery In vitro Maturation Techniques Polycystic Ovarian Syndrome Histopathology in Embryology |
| Session II | |
| Session Chair: Anastasios Argyriou , MediMall IVF Clinic, Athens, Greece | |
| Session Co-Chair: Shlomit Kenigsberg , Juno Fertility, Canada | |
| 11:15-11:45 | Title: New monoterpenoid by biotransformation of thymoquinone using Aspergillus niger |
| | Mohammad Yasin Mohammad , International Center for Chemical and Biological Sciences, Pakistan |
| 11:45-12:15 | Title: From Reproduction to Regeneration |
| | Vasil Galat , Ann and Robert H. Lurie Children's Hospital of Chicago, USA |
| 12:15-12:45 | Title: Proper autophagy is indispensable for early embryonic morphogenesis |
| | Xuesong Yang , Division of Histology and Embryology, China |
| 12:45-13:15 | Title: Evaluation of in vitro fertilization outcomes using interleukin-8 in culture medium of human preimplantation embryos |
| | Guanyou Huang , Affiliated Hospital of Guizhou Medical University, China |
| Panel Discussion | |
| Lunch Break 13:15-14:15@ | |
| Session III | |
| 14:15-14:35 | Title: The role of microorganisms in steroidal hormones transformation |
| | Bushra Abdul-Hadi , Faculty of Pharmacy and Medical Sciences, Jordan |
| Video Talks | |
| 14:35-14:45 | Title: Management of Dysfunctional Uterine Bleeding (DUB) |
| | Sujata Sanjay , Spine & Maternity Centre, Uttarakhand, India |
| 15:45-16:55 | Title: The Immunopathology of Regression in Keratoacanthoma |
| | Fathia A. Bayoumi , Pathology Departments in Medcare hospital, UAE |
| 15:55-16:15 | Title: Challenges and Perspectives of Teaching Embryology in a Low- Income Setting: Cameroon |
| | Gregory Halle-Ekane , University of Buea, Cameroon |
| Panel Discussion | |
| Networking & Refreshments Break 16:15-16:35@ | |
| 16:35-17:00 | Poster Presentation @ |
| WCEIVF-001 | Title: Non-invasive mass spectrometric viability assessment of in vitro fertilized embryos using the alpha-1 chain of human haptoglobin |
| | Gergely Montskó , University of Pécs, Hungary |
| WCEIVF-002 | Title: Incidence of Embryonic Aneuploidy in Different Age Groups of Saudi Population Undergoing PGS-ICSI |
| | Murid Javed , Thuriah Medical Center, Riyadh, Saudi Arabia |
| Panel Discussion | |
| Closing Ceremony | |
